Encounter the incredible wildlife of this treasured South African wilderness

START YOUR JOURNEY IN THE KRUGER NATIONAL PARK AND EXPERIENCE A CONTEMPORARY AFRICAN SAFARI THAT REDEFINES THE MEANING OF CONNECTING WITH NATURE.

Spend four nights at Singita Kruger National Park, either at Singita Lebombo or Sweni Lodge, both set in inimitable locations that literally take one's breath away.

With private access to 33,000 acres of one of the world's most iconic wildlife reserves, enjoy a front-row seat to some of the most exciting game-viewing on the continent and find out why this region is affectionately called "Lebombo, land of lions". Twice daily game drives also showcase this diverse landscape's rocky outcrops and the pristine settings that offer adventure at every turn.

This immersion in nature is often deeply moving and demonstrates the potential of the African wilderness to quiet even the busiest of minds, providing stillness at a time when the demand for our attention has never been greater.
